RGLA Celebrates 35th Anniversary With New Corporate Structure

As Robert G. Lyon and Associates, Inc., begins its thirty-fifth year of serving the retail industry, it is pleased to announce an important milestone to add to its company heritage. As of January 1, 2007, all non-architectural services previously provided by Robert G. Lyon and Associates will operate under a new corporate entity known as RGLA Solutions, Inc. (RGLA). Three former executives of Robert G. Lyon and Associates will be the principals of the new firm.

Under the new structure, RGLA Solutions (RGLA) will continue to provide branding, design and roll-out services to leading retail, financial and food service brands in the US and Internationally. Robert G. Lyon and Associates will operate as a separate entity and furnish architectural related services exclusively to RGLA Solutions through an agreement between the two firms. This structure will allow RGLA clients to continue to have a turn-key solution for all of their retail needs, which has become a key point of differentiation for the firm. Bob Lyon, founder of Robert G. Lyon and Associates expressed his enthusiasm for the new corporate structure, "I wish to congratulate the ongoing conscientious leadership of RGLA and am pleased the tradition of exemplary customer service, started in 1972, will carry on in a seamless manner."

Robert Arend has been named Chief Operating Officer of RGLA Solutions and will be responsible for overseeing the operational, financial and human resource activities of the company. Randy Sattler, Chief Creative Officer, will manage the creative process for all client projects as well as oversee the design team which specializes in interior and exterior design, space planning, fixture design, displays, branding standards and integrated graphic communications. Joseph Geoghegan will serve as the Chief Architectural Officer overseeing the management of all client programs and also remains a principal in Robert G. Lyon and Associates.

RGLA is one of the nation's leading retail design firms and has offices in Chicago and Los Angeles.
